School Data Sync

Parent and Guardian Email Addresses

- School Data Sync only allows 1 email address per parent
- For a parent/guardian to be included:
    - They must have an email address in an address block mapped to Parent 1 or Parent 2
    - The email field must have a single email address. If there are multiple, it will be flagged as invalid.
    - If Email 1 is populated, this field will be used. If not, Email 2 will be used instead.
- Review your data and the exported files before uploading to the School Data Sync portal

Scheduling

- Schedule the delivery of reports via email
- Enhancements to filters for relative date ranges and student ages
- Configure through Kiosk
- Reports reflect existing permissions for data security

Scheduling

Available for the following key reports:

- Pastoral Care Entries
- Student Absences
- Class Lists
- Student Notes
- Student Details

What reports would you like to schedule? Please share your feedback in the TASS Customer Forum!
